1.

Lay the shirt front-side down and fold the arms neatly at the sides.

2.

Fold so the top and bottom meet at a midpoint.

4.

Fold in half again to create a neat packet.

Pants

1.

Lay the pants flat and straighten out the pockets and legs.

2.

Fold the pants in half vertically so the front side faces out.

3.

Fold the bottom cuffs up one third of the way.

4.

Fold the top portion down to cover up the folded lower legs.

Socks

1.

Lay one sock on top of the other.

2.

Hold the socks together at the top.

3.

Open one sock and turn it inside-out over both socks.
